UNLEASH YOUR
POTENTIAL

POWERED BY
CU34G2X/BK

The CU34G2X maximizes your gaming experience. Thanks to its WQHD resolution this 34" curved monitor provides extremely detailed and clear images. Additionally, its 144Hz refresh rate, 1ms response time and FreeSync provide an extremely smooth gameplay.

- **Ultra-wide**
- **1500R Curved**
- **Minimal bezel distraction for the ultimate battle station**
- **Height adjustable Stand**
- **Low Input Lag**
- **6 Games Mode**

ULTRA-WIDE

The term Ultrawide refers to the screen aspect ratio of a monitor. With more space at your disposal, your field of view gets greatly increased.

1500R CURVED

Curved design wraps around you putting you at the center of the action and provides an immersive gaming experience.

MINIMAL BEZEL DISTRACTION FOR THE ULTIMATE BATTLE STATION

Expand your view with multiple monitor set-up. The narrow border and frameless design offer the minimal bezel distraction for the ultimate battle station.

HEIGHT ADJUSTABLE STAND

Raise or lower the screen to suit each individual's height and seating preferences. The easy-to-adjust stand ensures hours of comfort.

LOW INPUT LAG

Unleash your reflexes by switching to the AOC Low Input Lag mode. Forget graphical frills: this mode rewires the monitor in favour of raw response time, giving the ultimate edge in hair trigger stand offs.

6 GAMES MODE

Tailor your display to the game with a click of a button. Switch settings between in-built presets for FPS, racing, or RTS games, or customise your own ideal conditions and save them. The AOC Settings KeyPad makes switching profiles or adjusting features quick and easy.
