Experience gameplay like never before on this curved 35" ultra wide gaming monitor with WQHD resolution (3440x1440) and lightning-fast refresh rate (200 Hz). Immerse yourself into your favorite games and enjoy tear-free and colour rich visuals thanks to its G-SYNC Ultimate and DisplayHDR™ 1000 technologies.

- **1800R Curved**
- **1ms Response time GTG - Grey-to-Grey**
- **200Hz Refresh Rate**
- **G-SYNC Ultimate**
- **Vesa Certified DisplayHDR™ 400**
- **Quantum Dot**

1800R CURVED

Curved design wraps around you putting you at the center of the action and provides an immersive gaming experience.

1MS RESPONSE TIME GTG - GREY-TO-GREY

GtG stands for Grey-To-Grey and represents how long it takes for one pixel to change between one gray level to the next. In gaming, every millisecond counts and can be the differentiator between hitting or missing a shot. Fast response time also eliminates ghosting and motion blur.

200HZ REFRESH RATE

A 200Hz refresh rate is more than triple the industry standard of 60Hz. Unleash the full potential of your graphics card: with screen tearing and motion blur and stuttering all eradicated, your game will finally flow like it was meant to, and your skills can reach new heights.

VESA CERTIFIED DISPLAYHDR™ 400

Even the lowest level of High Dynamic Range (HDR) feature poses a significant upgrade to common monitors. The peak luminance of 400 cd/m² enables your display to hone the picture quality with a manifold colour spectrum and more diverse contrast. The VESA-certificate ensures richness of detail and realistic portrayals of game and film worlds.

QUANTUM DOT

Utilising semiconductor nanocrystals, this technology converts light emissions so efficiently that it can create almost any colour within the visible spectrum. Bring your games and movies to life with extremely vivid, ultra-realistic colours.

GENERAL		VIDEO FEATURES		GAMING FEATURES	
Model Name	AG353UCG	Sync technology (VRR)	G-SYNC Ultimate	Gaming style	MMORPG, Action, Beat'm up, Racing
