Comfortable, wired gaming mouse with durable switches, 10 buttons, RGB and G-Menu.

The new AGM600 with its super accurate 16K DPI Pixart gaming sensor allows flawless movement and precision. Never lose grip with our dual injected silicone side grips and stay comfortable with the special protective mouse coating. Our software G-Menu allows you to customize the RGB LED Lighting, the sniper button, and other features. Experience durability longer than ever before through carefully selected Kailh switches for up to 80 million clicks.

GENERAL

Modelname	AGM600
