Anti-ghosting keyboard with mechanical feeling and rainbow backlight

A great keyboard is essential no matter what games you play. You can't go wrong with the GK200: the keyboard has 25 key anti-ghosting, meaning it can register up to 25 keystrokes at the same time. Your input gets flawlessly implemented in-game thanks to its mechanical feeling. The spill resistant GK200 comes with the classic rainbow LED backlight and an integrated wrist rest, making even long gaming sessions comfortable.
