PDS241

A thin, elegant and sleek 24" display

The AOC PDS271 boasts a 24" IPS panel in 1080p with the most extraordinary design in a monitor. Designed by Studio F. A. Porsche, it has an asymmetrical metal stand hiding the cable inside.

Features

Frameless design

Besides looking modern and attractive, frameless designs enable seamless multimonitor setups. Your cursor/windows will not be lost anymore in the dark abyss of bezels, when many displays are placed side by side.

IPS Panel

IPS panel ensures an excellent viewing experience with lifelike yet brilliant and accurate colors. Colors look consistent no matter from which angle you look at the display.
