

DESIGNED TO STAND ANY CHALLENGE

POWERED BY

PD34

Step into a new realm of performance with the PD34, a 34-inch WQHD (21:9) curved monitor, crafted in collaboration with Porsche Design, features cuttingedge QD-OLED technology for unmatched color precision and profound contrasts. With a blazing-fast 240Hz refresh rate and HDR TrueBlack 400, every detail comes alive with stunning clarity and vibrant visuals, perfect for both gaming and creative work. Equipped with a comprehensive connectivity suite including USB-C, KVM, and HDMI 2.1, along with a versatile USB hub and an ergonomic stand for optimal comfort, the PD34 offers the ultimate in convenience and productivity. Backed by a 3-year burn-in warranty, the Porsche Design PD34 is your gateway to exceptional performance, style and sophistication.

ERGONOMIC DESIGN

Ergonomic stand to maintain comfort and prevent strain during long gaming sessions. It offers a wide range of motion and easy height, tilt, and swivel adjustments, accommodating the proper ergonomics and your personal preferences.

AOC G-MENU

AOC G-Menu is a free tool that you can install on your PC to have complete customization paired with maximum convenience.

240HZ REFRESH RATE

240Hz completely unleashes top end GPUs, bringing unprecedented fluidity to the picture on your screen. With every detail brought sharply into focus and every movement shown with crystal clarity, feel your reactions become one with the action and elevate your game.

WIDE QHD (WQHD) RESOLUTION

With 3440 x 1440 resolution, Wide Quad HD (WQHD) offers superior picture quality and crisp imagery that reveals every detail. The widescreen 21:9 aspect ratio is perfect for watching movies in an expansive format or immersing yourself in the latest game, plus it offers more space when it's time to work. True 8-bit color provides a broad color palette for vibrant, natural-looking images.

WIDE COLOUR GAMUT

When you are enjoying photos, videos or games, we want your screen content to look as lifelike as possible. That is why this display comes with Wide Colour Gamut technology, which means that it is able to display a lot more colours than conventional monitors. This is achieved through a special hardware solution, not through mere software adjustments. The result: trueto-life images with fine details that become visible thanks to the broader colour palette.

KVM

Share one single keyboard, mouse and monitor between multiple computers with KVM switch hardware.

GENERAL	
Model Name	PD34
Brand	AOC
Channel	Gaming
Product line	AGON PRO
Design family	PD
